From Our Rabbi

Never, ever underestimate the importance of having fun.”
~ Randy Pausch ~

I have a confession to make ... I may be addicted to apples! I love, love, love apples, apples of all kinds, red, yellow, or green, and every shade in between. If I was told I can only eat one food for the rest of my life – I’d choose to eat apples. The truth is, I probably eat, on average, about three apples per day, and I’m always on the hunt for a new variety to try. Another vice is that I love to eat honey. So, essentially, I make the perfect Rosh Hashanah Jew!

We all remember that we dip the apple in the honey for a sweet new year. However, did you know that there are 7500 different apple varieties, and 300 different types of honey worldwide? If we were to follow in the footsteps of Tablet Magazine’s article, September 2009, “*Comparing Apples to Apples: Dipping apples in honey for Rosh Hashanah? Here’s a guide to picking the best ingredients for a sweet new year,*” we would have over 2 million combination choices to taste-test. “We here at Tablet are a picky bunch when it comes to food, so when we got to thinking about Rosh Hashanah, the tradition of dipping apples in honey to symbolize a sweet new year presented its problems. Which apples should we serve? And with which honey? There was only one way to answer these questions ... a rigorous taste test.” How much fun does that sound like? How wonderful to be so playful and joyous with one of our most sacred holidays? Could we take a lesson from this?

In our Rosh Hashanah prayers, during the *Amidah*, we recite the words: “*V’Chasidim B’Rinah Yageelu, and the pious sing for joy!*” No, this line has nothing to do with being modern day Chasidim; rather the prayer is teaching us that to be “*pious*” we must be “*joyful*.” The High Holidays usually are remembered as being somber, serious Days of Awe. We must remember that this time is so much more; it is a time to reconnect with G-d, community and family, and to have fun. It is a holiday, don’t forget!

The symbolic foods we eat remind us of the joy Rosh Hashanah can bring. Have fun this year with Rosh Hashanah. Throw an Apple & Honey tasting party. Search for the most unique and unusual varieties you can find. Let’s have some fun with our Judaism this year and may this year truly be full of Sweetness, Joy, and Peace for all of us, and the entire world, *Amen!*

Shanah Tovah U’Metukah,
Rabbi Dan, Rachel, Avi & Ezra

Message from our President

It's a new year and a new beginning for our congregation, one that I am very excited about. The pandemic is finally over and we are expecting a full house for the High Holidays. All services will be held at our Synagogue. As you know, space is limited so when we contact you and ask you when and how many will be attending, please respond in a timely manner.

We are delighted to be celebrating our three-year anniversary this Rosh Hashanah with our Rabbi, Daniel Krinsky, who has brought us his energy, enthusiasm, and deep spirituality, and is showing us new ways to connect with Judaism. This year again we have added a Cantor for the High Holidays; Shayndel Adler from Denver Colorado for Rosh Hashanah and Yom Kippur services.

And I can tell you the energy is contagious. We have a very energized lay leadership that is working hard to ensure the continued success of our community.

In particular, I want to call out the tremendous work of our TBJ Board of Directors and all of our volunteers. We have worked very hard to keep the energy and “buzz” we are generating that will attract new members, and it's working. Let me be clear, we have no aspirations to be a “big” congregation. Being a small, welcoming and intimate community is an integral part of who we are and that isn't going to change. At the same time, we want to see TBJ thrive; and one sign of a healthy, thriving community is growth in numbers. The reality is that to continue to provide the level of services that our community is looking for, and to ensure the future stability of our congregation, we need to be a little larger than we are now. Although we want to grow, we recognize that growth is a challenge in an environment where synagogue affiliation has declined nationwide, and in Palm Beach County, where people have many choices about where to affiliate or not to affiliate at all.

We have done a better job of getting our story out and letting people know that we are here. United Synagogue for Conservative Judaism, USCJ, the organization of our movement, is working to raise the profile of the Conservative movement and help people understand who we are as Conservative Jews. For TBJ, we also need to address our lack of visibility. We can't get people in the door if they don't know we're here. We need everyone, whether a member or a guest, to be an Ambassador for TBJ. It's easy. Like us on Facebook. Join our Facebook group. Re-post our postings to your own Facebook page. If you take a picture at TBJ that you can share, send it to us and we'll post it. Please tell your friends and family members about TBJ. Invite them to an event or a service. Most of the people reading this article, first heard about TBJ through word of mouth. Thanks to everyone who has already contributed financially this year to TBJ.

Life Line Screening goes beyond regular checkups to look inside your arteries for signs of plaque build-up

All 4 Screenings for \$149

Carotid Artery Disease:

An ultrasound is performed to screen the carotid arteries (a pair of blood vessels in the neck that deliver blood to your brain) for buildup of fatty plaque. This buildup, called atherosclerosis, is one of the leading causes of stroke.

Peripheral Arterial Disease (PAD):

An Ankle-Brachial Index (ABI) test is performed using blood pressure cuffs on the arms and legs. It is important to screen for PAD because it increases the risk of coronary artery disease, heart attack, or stroke.¹

Abdominal Aortic Aneurysm (AAA):

An ultrasound is performed to screen the abdominal aorta for the presence of an enlargement or aneurysm. AAA can lead to a ruptured aortic artery, which is a life-threatening medical emergency.

Atrial Fibrillation :

A 6-lead electrocardiogram (EKG) is performed by placing sensors on the arms and legs to screen for Atrial Fibrillation. AFib can lead to blood clots, stroke, and heart failure, and other heart-related complications.²

We will be in your neighborhood soon on September 5th at Wellington National Golf Club

Getting Screened is Simple!
Painless, non-invasive, keep your clothes on.

¹ <https://www.heart.org/en/health-topics/peripheral-artery-disease/about-peripheral-artery-disease-pad>
No single screening can detect all risk factors for all conditions, such as and including the presence of coronary artery disease.

² <https://www.heart.org/en/health-topics/atrial-fibrillation>

Screening results are provided to you in about 14 days. We direct all participants with abnormal results to take the report to their physician. Appropriate modification of risk factors (including high blood pressure, smoking, heart disease, diabetes and poor diet) is also necessary for cardiovascular disease prevention. Our screenings cannot detect all forms of stroke risk or cardiovascular disease. All tests are for screening purposes only. You should consult with your personal physician regarding your screening results. Price does not include any applicable review fees. Insurance Note: Life Line Screening does not participate in the Medicare program and the cost of our screening services is not covered or reimbursable by Medicare. Life Line Screening does not file insurance claims nor provide referrals to any physician's group or hospital. If you are unable to attend the screening for any reason whatsoever, we will issue a gift card for the full amount to be used by you, or anyone you choose, for future screening services.

Our 2023-2024
Kol Yisrael Arevim Zeh Ba'Zeh
Campaign
All the people of Israel are responsible for one another

We strive to make a significant impact through scholarships and programs that benefit students at The Jewish Theological Seminary, Ziegler School of Rabbinic Studies, Schechter Institutes, Seminario Rabinico Latinoamericano and Zacharias Frankel College.

Thanks to the generosity of our donors, we help committed Jewish students become the rabbis, cantors, educators, synagogue administrators, social workers, scholars, researchers and lay leaders of tomorrow.

When you support Torah Fund, you help educate students in New York, Los Angeles, Israel, Latin America and Europe—and you align with those who value learning, knowledge and providing the future generation with relevant skills to fortify the Jewish people.

This pin highlights the word 'arevut,' responsibility. It corresponds to the theme from the Babylonian Talmud, Shevuot 39a, that all the people of Israel are responsible for one another, and we assume that responsibility through our support of the five Conservative/Masorti institutions of higher education.
